

Field Inspector – Central Alberta

Scope:

Eggs Farmers of Canada (EFC) are looking for a Field Inspector to conduct regular site visits and audits, deliver educational programs and be an ambassador representing EFC in their area of responsibility.

Duties and Responsibilities:

The position reports to the Field Operations Manager. Key responsibilities include:

- Conduct field audits of producer sites to monitor hen inventories
- Inspect the quality of product purchased and sold by EFC
- Educate and promote food safety and animal care programs and inspect for compliance
- Verify products by monitoring grading stations and breaking plants, reviewing their storage conditions and ensuring proper documentation and labelling
- Summarize and report results weekly

Frequent travel is required sometimes with short notice.

Qualifications:

Candidates will ideally have 2 – 3 years of experience of agriculture or food safety with specialized university/ college education in poultry/livestock or food safety.

Additional qualifications and skills required include:

- Ability to communicate (verbally and in writing) in English for the purpose of completing daily activities is required
- Ability to influence and collaborate with external stakeholders any issues and concerns in a constructive manner and gain their support and compliance
- Strong diplomacy and conflict resolution skills
- Valid driver's licence and able to drive for regular site visits
- Ability to work independently and in a team environment
- Knowledge of HACCP-based food safety programs and auditing principles would be advantageous.
- Knowledge and understanding of poultry/livestock management and practices is desirable
